

## Usability Lab 4 – Coding for Accessibility (5% of final grade)

Using the *Lab-4\_accessible-code.html* file, review the markup for opportunities to improve accessibility. Submit the corrected file.

### REQUIREMENTS:

Find and fix the following accessibility issues:

1. Has a language been declared for this web page? **(0.5%)**
2. Are all elements the most semantically appropriate options? Hint: there should not be any `<div>` elements in your final markup. **(2%)**
3. Do all images have helpful file names and appropriate alt attributes? **(1%)**
4. Has the form been optimized for accessibility? **(1.5%)**
